Subject: CIA Review of Department of State Guidelines
For Policy and Operations, dated 27 December 1961

1. Confirming our telephone conversation, signals are off on the last sentence of Paragraph 3 of subject memorandum. That is, the procedure will continue to be as follows: Draft DD/I comments will be sent to you so that you may register agreement or disagreement with our position, at the same time that you are making your own suggestions for changes. I will subsequently receive combined DD/P comments, which will be consolidated here with DD/I comments for transmission to the State Department.

2. I am sending a copy of the subject memorandum and this memorandum to the DD/I Offices which normally provide comments on Guideline Papers (OCI, ONE, and OBI).
